Sir,

With reference to your letter No. 2949/Muz 313-20-8 dated 17th December 1921, re the construction of a car for the use of the Sri Venkataramanaswami temple at Guttahalli in the Bowringpet Taluk, I have the honour to state that it is reported by the Mamat Engineer that the car size of the car as ~~devised~~ designed by Messrs. Chitragar Lakshmiah & Sons of Bangalore City is almost the same as that designed by him but ~~no~~ less ornamental, and that the design is quite suitable.

2. It is seen from the estimate of Rs 8,000/- that the delivery of the car is at Bangalore. This arrangement is not desirable, since it throws upon us the responsibility and the attendant — risk of transport. To avoid these difficulties, the firm may be asked whether they would undertake to deliver the car at Guttahalli itself and what the additional cost would be.

3. It is also reported by the Mamat Engineer that the estimate could not be scrutinized as no details are given in it and that the lumpsum quotation given by the firm seems reasonable and the same may ~~therefore~~ therefore be accepted as it compares favourably with the cost incurred for car recently built by private persons at Kolar.

4. As the temple is without a car for a long time I beg to request that sanction of Government to the estimate may kindly be obtained and needful instructions issued to the ~~firm~~ firm for building the car. The file received with the above is herewith submitted for reference.
